One of the most interesting sessions in the history of the club took place at the meeting of the Ladles' Literary club yesterday, the program opening with the reading of three original poems by Mrs. Keisey, entitled, "The Sunset," "A Voice in the Night," and "A Fragment," an original story by Mrs. C. C. Richards, "The Rise of the Hopeful," and an original poem by Mrs. Thomas Weir, "Uncut Leaves." A vocal duet by Mrs. Jolly and Miss Stewart followed after which Mrs. Igleheart read a num-ber of beautiful poems from a volume soon to be issued by Alfred Lambourne under the title of "A Wedding Tour of Sonnets." Then came the chief event of the afternoon-a debate upon expan-sion in which Mrs. Arthur Brown and sion in which Mrs. Arthur Brown and Mrs. Ritchie argued for the affirmative, and Mrs. Martha Jennings and Mrs. Eugene Lewis for the negative. The judges, Mrs. C. D. Moore, Rev. Alfred Hebry and C. L. Rood decided in favor of the negative. Both sides were clever-ly represented, and the ladies taking part received many encomiums. The meeting was largely attended and was much enjoyed by all present.

DESERTEVENING NEWS BISHOP RAWLINS' FATAL ILLNESS.

Surrendered the Battle of Life at 7:45 This Morning-Father of Senator Rawlins and Chairman of the Board of County Commissioners-His Active Career.

of United States Senator Rawlins, and hairman of the board of commissioners of Sait Lake county, has succumbed to the attack of heart and lung trouble with which he was stricken about two weeks ago. His demise, while it will bring sorrow to his great host of friends and admirers, was not altogether unexpected as they have been lead to be said of him in very deed that he helped to build the bridges and roads and lay the foundations of this commonwealth. And when President Young found it necessary to call for volunteers to go East and assist the proceeding the process of the commonwealth. pected as they have been kept pretty well advised through the press the last few days of his illness. His wife, Senator Rawlins, his oldest son, and other children were constantly at his bedside to smooth the pillow of death and to keep vigil over him during the closing hours of his life upon earth. The end came at 7:45 o'clock this morning. The deep 'sleep into which he had fallen with the approach of unconsciousness kept its mantle around him to the last and when the end came it came peace-fully and without the least evidence of physical struggle.

It is an interesting fact to know that it was just fifty-two years ago yester-day since the arrival in Salt Lake City of the Bishop and his wife. The funeral services will be held in the South Cotonwood meeting house on Monday af-

In the death of Bishop Rawlins, the community loses a true and worthy citizen in every sense of the word, a man who has spent the greater part of his life in its upbuilding, whose con-servatism and calm judgment are as widely known as his own good name. His career has been of the busiest kind. In his business dealing with his fellowman of affairs he was eminently suc-In matters of irrigation and the com-

lications arising therefrom he was a enspicuous figure and a sound adviser and often served the people of this county in that capacity. A prevailing trait in this particular was his strong disinclination to settle disputes in the courts. He was essentially an arbiter and no matter how grave the issue beleved that the proper solution could be cound in arbitration. The death of Bishop Rawlins brings to mind the fact that twice during the present admin-istration of the county commissioners has the board been deprived of itschair-man, Francis Armstrong, his predecessor, having also died in office.

BIOGRAPHICAL.

Joseph Sharp Rawlins was the son of ames and Jane Sharp Rawlins, and was born on the 9th day of April, 1823, near Whitehall Green county, Illinois. His boyhood days were very similar those of other boys who, like himself, have become self-made men. From his earliest youth he was accustomed to the ways of industry, a custom that re-mained with him to the last. He was baptized by Elder Frederick Van Luv-en, June 4, 1844, the year he attained s majority. This was also the year his marriage to Miss Mary Frost. her of Senator Rawlins, who, with children, survive him. on Oct. 1, 1866, he piloted an ox-train of 400 Saints and sixty-five wagons into this valley. In 1868 he was one of ten captains who left Sait Lake City with 500 teams to go to Julesburg, the terminus of the Union Pacific railroad, then under construction to connect with the Central Pacific at Promontory, to meet a large company of "Mormons" and to assist in transporting them to this city. These captains were: Edward T. Mumford, Joseph S. Rawlins, John G. Holman, William S. Seeley, John R. Murdock, Daniel D. McArthur, John Gillespie, Horton D. Haight, Chester Loveland and Simpson M. Molen.

Antedating this period there were

interesting points in his busy lite. In 1855 he assisted in the exploration of the Elk mountains and in 1861 took an ac-tive part in the preparations made at the time of the coming of Johnston's army. He also served with the title of lieutenant among the volunteers under Captain Lot Smith, called for to pro-tect the mail route. In 1868 he took a contract on the Union Pacific, and for three years followed contract work almost exclusively.

Later he organized the East Jordan Irrigation company and became its president, and afterwards became the chariman of the board of canal presidents, which board comprised the presi-dents of the North, Jordan, South Jor-dan, East Jordan and the Utah and Salt Lake Canal companies. He has also served for several years as a member of the Utah Lake and Jordan Dam.

commissioners.
Four years ago he was elected county commissioner on the Democratic ticket, and two years ago succeeded himself to the same office.

Rapid Transit Company Opposes Petition for Half-hourly Car Service.

Claims that it is Losing Money With Hourly Service on 9th and 11th East South of 10th South.

The petition of a number of residents of the southeastern part of the city, asking that the street car companies be compelled to provide a half-hourly service on all their lines between Thirteenth East and U streets on the east and the Jordan river on the west and between the city limits on the north and the city limits on the south, from 6 a.m. till midnight every day, came up again last evening before the Council committees on laws and streets. The the committees but was held back from the Council in order that representatives of the Rapid Transit company might be heard in opposition. YOUNG LADIES INSULTED. Wretch Lays Hold of One of Them-J. R. Hardy to the Rescue.

Two young ladies were dogged and insulted by some wretch last evening while walking home. They are from the East and are visiting friends in the eastern part of town.

THEORIES ABOUT CATARRH. Peculiar Ideas Regarding a Common Disease.

Mark Twain's cure for a cold in the head was simple, but he claims very effective in his own case; his plan was to eat nothing whatever for twenty-four hours or presumably until the trou-

ble had disappeared.
Although not able to speak from per-Although not able to speak from personal experience as to the effectiveness of this treatment, it certainly has the merit of extreme economy, but it occurs to us that the application of it to a case of nasal catarrh might be attended with difficulties.

Catarrh, as everyone knows, is a chronic cold in the head and Mr. Twain's treatment, if it should become a fad, would make of us a nation of fasters: an army, emulating the example of the immortal Tanner who achieved world-wide fame by fasting forty days.

Catarrh is certainly becoming a na-

tional disease and there is little doubt but that errors in diet, particularly over eating is a very common cause.

Most people, however, are more interested in the cure of the trouble than in the cause, and modern medical science has produced more effective and less heroic remedies than Mr. Twain's.

Gualacel is a new remedy very effec-

heroic remedies than Mr. Twain's.
Gualacol is a new remedy, very effective in some forms of Catarrh. Eucalyptol is another which on account of its antiseptic properties is very valuable, while many severe cases of Chronic Catarrh have been entirely cured by the sanguiparia or extract of Blood root alone. Within a year an enterprising chem-

ist has combined all of these remedies in tablet form, palatable and conveni-ent, and the superiority of this tablet over other catarrh remedies is so apparent that all druggists now carry them in stock to supply the popular de-

They are called Stuart's Catarrh Tablets and it is doubtful if any medicine has achieved a national popularity in so short a time as this. Stuart's Catarrh Tablets are used by

thousands of traveling men because they can be carried in the pocket and used any time and in any quantity, ing free from Cocaine, oplatea or any

poisonous drug.

They clear the head and throat from the disgusting secretions of catarrh, very often in a few hours' time.

For nasal Catarrh they are far superior to any wash, lotion or cintment, the use of which is often as inconvenient and annoying as the disease it-

self.
For coughs, colds, bronchial catarrh and catarrh of the stomach these ta-blets give immediate relief and a per-manent cure where lotions, douches and inhalers make no impression what

coming more pronounced all the time. The young ladies stepped into the mid-dle of othe street, ostensibly to wait for a car, and their pursuer walked on. When they thought he had got out of the vicinity they resumed their journey, but on reaching the corner of E street the man jumped from behind a tree and selzed one of them about the waist. Both young ladies rent the air with their screams, and John R. Hardy, who was eating his supper, was on the scene instantly. But the villain fled and there was nothing for the gallant Hardy to do but escort the young ladies home.

Presbyterian Synod. The Presbyterian Synod met at the First Presbyterian church this morning. Devotional exercises were engaged in, and after Dr. Paden, as chairman of the committee on church erection had made his report, a stirring address was made by Rev. Dr. Thomas Mar-shall, field secretary of Presbyterian missionary fields. He announced that the church required \$1,000,000 next year for the support of foreign missions. He made a most eloquent plea for the missions, and affirmed that not one half of the congregations in the East at-tended church, and less than that num-

ber contributed to its support.

The Synod was in session this afternoon, and there will be another meet-ing this evening, at which matters per-taining to the Synod will be discussed.
